COMMENTS:

A copy of the testimony Mort Lippman will be presenting tomorrow at the Waxman hearing on ETS is attached. A copy of the testimony, as of 6:00 p.m., for both Browner and Farland is also attached. EPA's Science Advisory Board Executive Committee met today and at that meeting Lippman said he had sent a copy of his testimony to all 17 IAQC members for their review and he had incorporated their comments. Lippman told the SAB Executive Committee that he had been asked to appear on the CBS, ABC and NBC morning shows on Thursday. He agreed to appear on NBC and then he was told today they had canceled his appearance. J. Samet is appearing on the ABC show, he thought.

We have also heard the following:

The Administrator will testify at the Waxman hearing, accompanied by Lippman. The witness list for the Waxman hearing includes Representative Tim Valentine, Representative Richard Durbin, and Senator Frank Lautenberg. The second panel will include Carol Browner, and Mort Lippman. The third panel will be Dr. Richard Heyman (American Pediatrics), Dr. Wagener (American Lung Association) and three children with their parents. The fourth Panel will be Dr. Lonnie Bristrow (American Medical Association), Dr. Gio Gori and Dr. Alfred Mueller (ASH).

A copy of the witness for the Rose hearing is also attached. We hope the information is helpful.
